

Student chose summary, then sentence to support own view, then chose which one they agreed with.

Medical care is expensive and more and more people do not have insurance. Free medical care will help people stay well

I agree 

I do not agree 

Free medical care is not really free. We pay for it with taxes. If the government controls it, we will have less medical choices.

I agree 

I do not agree 

Medical care is cheap and people do not go to the doctor because they don't have time.

I agree 

I do not agree
