

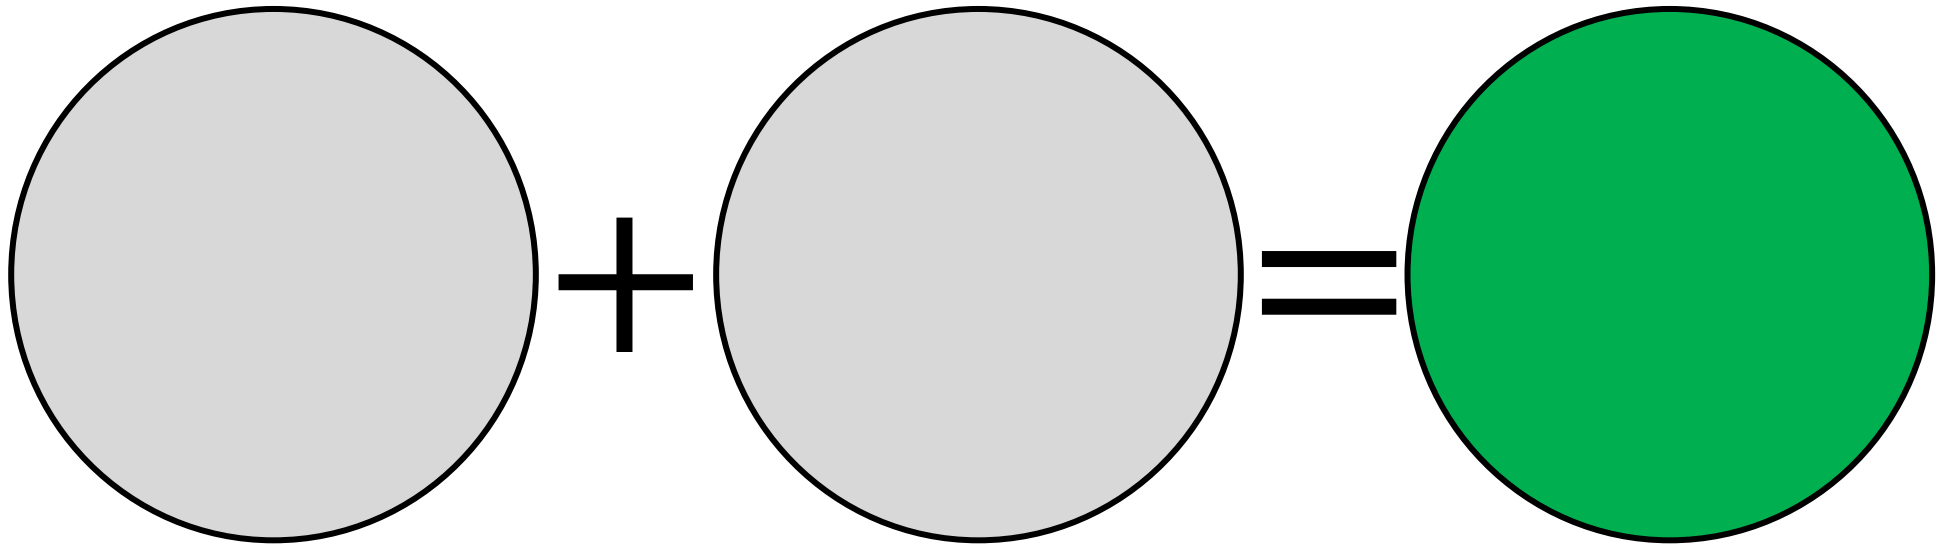

Graphic Organizer: Addition

1 for teacher and 1 for each student (Laminate) – May want to print as 12 x 15 if using real art supplies

A blank graphic organizer for addition, enclosed in a rectangular box. It features a plus sign (+) on the left, followed by a horizontal line for a number. To the right of this is another horizontal line, followed by an equals sign (=). To the right of the equals sign is a final horizontal line for a number. This is intended for students to write their own addition problems.
