

The group created a PowerPoint presentation. The student selected one of the examples from an array of three choices. This was entered by another group member. The student helped present the information by advancing the slides using a switch.

**INFLUENCES ON NEWS BIAS**  
GEOGRAPHY

**GEOGRAPHY COUNTS!**

REGIONALISM -  
Home region news is different than other region

AFGHANISTANISM -  
News is different the further it happens from where the news is reported

**EXAMPLES**

REGIONALISM  
A news article in a German paper leaned towards the US pushing their way into taking control of the region through the Iraq war.  
A news article in a US paper was favorable of the Iraq war and pointed out that the French were not cooperating.  
This article favored the US which was the home region

AFGHANISTANISM -  
A newspaper in LA and DC reported on the same event that happened in San Francisco.  
The LA paper gave more information which showed more issues around the event.  
The DC paper gave less information which was one sided
