__ Point to symbol for story problem that says, "remain."

$$? \quad \div \quad -$$

__ Jackie had 3 markers. 1 was dry so she threw it away. How many markers remain?

| 3 – 1 | 3 + 1 | 3 x 1 |

__ Daniel collected 4 crayons. He found 2 more. How many crayons does Daniel have in all?

| 8 – 6 | 4 + 2 | 4 x 2 |

__ Are the sets on each side the same? If they are, write the equal sign.
